**Pre-Class Instructions:** Purchase your Pattern. Please read the instructions in your pattern at least one (1) time before class. This will help to ensure that you understand the cutting information below. It is strongly encouraged that you have the papers, templates, and fabrics for the entire project cut out, placed in bags, and ready to use in class. Since this is usually a one day class, if these steps are not completed, it will be difficult for you to catch up to participate during class. A review of the cutting instructions in the pattern is provided below. For more information, please refer to your pattern.

**Foundation & Template Papers:** Follow the preparation instructions on pages 2-3 of your pattern to cut the foundation and template papers as directed in the pattern (be sure to leave at least 1/8" around the borders) and place them in the bag as directed.

**Fabric Cutting Instructions:** Please read through "Cutting Instructions" on pages 3-5 of your pattern before beginning to cut. We recommend checking the Quiltworx website for pattern corrections before you begin cutting your fabric. Cut all the fabric as directed. Note: Please make sure all of the Template Sheets, Foundation papers, and fabrics are placed in the correct bags!

If you have any questions regarding this class, please contact me directly. You may also want to check out the website [www.quiltworx.com](http://www.quiltworx.com) prior to selecting fabrics. There are many samples, slide shows, and color-changing quilts available for you to enjoy. Also *check for any corrections* and helpful hints on the website.

If you need help in selecting fabric, give me a call.
