Important Note:

- ❖ If your pattern has a different coversheet than the one pictured above, contact Kelly for the correct pre-class instructions as they can vary from one pattern release to the next.
- ❖ Be sure you have everything on the supply list. The supply list may vary from the pattern but follow the supply list. If you have any questions about something on the supply list, contact Kelly.
- ❖ Visit Quiltworx website at www.quiltworx.com and check for corrections before cutting any fabric.

Pre-Class Instructions: Please read through the pattern a couple times before class. It is strongly recommended that you have the papers, templates, and fabrics for the entire project cut out, placed in bags, and ready to use in class. If you don't finish the pre-class instructions it will be difficult for you to catch up and participate during class.

Foundation Papers: Follow the basic instructions on page 2 of your pattern to cut the foundation papers, template Layout Sheets and background sections.

Cutting Instructions: Please read through "Cutting Instructions" on your pattern before beginning the cutting steps below. Please make sure all of the Template Sheets, Foundation papers, and pieces are placed in the correct bags! Follow the cutting instructions for Group A on pages 5-6, Group B on pages 8-9, Group C on pages 12-13 and Group D on pages 14-15. After cutting all the fabrics, clip fabric with the Template Sheets using large paper clips and place in specified bags.

If you have any questions regarding this class, please contact me directly. If you need help with cutting or selecting fabric, give me a call at 623-332-8883 or email me at Kelly@Learn2PaperPiece.com.
